

ECOFLEX

PLATINUM-CURE SILICONE

00-35 FAST

Special FX • Mold Making • Life Casting • Certified Skin Safe • Low Viscosity

Certified Skin Safe - Liquid Ecoflex® 00-35 FAST will cure against the skin and can be used for life casting applications to make rubber molds that cure quickly. Ecoflex® 00-35 FAST can also be used for a variety of skin safe applications including making fast skin safe appliances for special effects and cosplay, cushioning for orthopedic and orthotic devices worn on the body and much more.

1. Mix & Apply to skin

2. Cures in 5 Minutes

3.

Apply Ultimate Blood®

You Tube You can see this How-To video at: www.smooth-on.com/0035rippedskin

Ecoflex® 00-35 FAST is a soft, fast cure platinum-catalyzed silicone that is versatile and easy to use. Parts A and B are mixed 1:1 by weight or volume, pot life is about 2.5 minutes and rubber cures in about 5 minutes at room temperature tack-free.
