

# Clear Flex<sup>®</sup> 30

## Clear Urethane Rubber

**Clear Flex<sup>®</sup> 30** urethane is a new addition to the popular Clear Flex<sup>®</sup> Series clear rubber line that is ideal for a variety of display and prop applications.

With an ultimate Shore Hardness of 30A, cured rubber is water clear and very flexible. SO-Strong<sup>®</sup> colorants or Ignite<sup>®</sup> fluorescent pigments will add vibrant colors. Cast Magic<sup>®</sup> glitter/metal/pearlescent powders can be used to create an almost infinite array of casting effects.

**Mix ratio is a convenient 1A:1B by volume.** Pot life is 15 minutes and cure time is 16 hours at room temperature. Material should be vacuum degassed or pressure cast if bubble-free castings are desired.

Cured rubber is **UV Resistant** and exhibits good physical properties. Also, **Clear Flex<sup>®</sup> 30 is mercury and phthalate free.**

**Also Available:**

• **Clear Flex<sup>®</sup> 50**

• **Clear Flex<sup>®</sup> 95**
